CERTIFICATE OF CORRECTION

Pursuant to 37 C.F.R. § 1.322 or, in the alternative § 1.323, applicant hereby requests a Certificate of Correction be issued to correct a mistake in claim 1. During prosecution, applicant's attorney agreed through an Examiner's amendment to add the limitation "regenerated but not reactivated catalyst" to claim 1. However, in the Notice of Allowance, the Examiner inadvertently omitted the word "not" when describing the amendment, and claim 1 issued in this form. The Examiner's reasons for allowance correctly refer to the "regenerated but not reactivated catalyst".

Because the Examiner erred in recording the amendment, it is the applicant's position that the Certificate of Correction should be issued to correct a mistake by the USPTO, under 37 C.F.R. § 1.322. However, if the USPTO determines that the applicant should have corrected the mistake at the time of payment of the issue fee and the Certificate of Correction should be issued under 37 C.F.R. § 1.323, then the Office is hereby authorized to charge applicant's deposit account no. 05-1330 for any fees now due.
